**Zara is happy to go home in her father's rickshaw from ChildLife's
Emergency Room at NICH**

6 days ago Zara was rushed to ChildLife Foundation's Emergency Room at NICH due to high fever and drowsiness. Her father, who is a rickshaw driver was in a very emotional state as Zara is his only child. The doctors immediately gave her medication through IV to reduce temperature and maintain body sugar levels and she was kept under high dose antibiotic treatment for 6 days. Today, Zara is feeling much better and is excited to go back home to her uncle, aunty and cousins.
