With your support it will have a modern neonatal and pediatric emergency room managed by ChildLife Foundation providing FREE Emergency Care to millions of residents of Korangi, Landhi and Bin Qasim towns. Now our Emergency Rooms will be able to treat *half a million* children / year.

Supporters of ChildLife Foundation in USA host various events in March & April

ChildLife Foundation is fortunate to have a dedicated group of Pakistanis in USA working towards ensuring a healthier Pakistan. Our supporters planned various events to raise funds for our work. Most prominent were dinner by Mr. Babur Habib

Faryal Mirza in Connecticut and a grand event in Austin hosted by Mr. Omer Dossani and friends.

A word from our supporter

I got introduced to Child Life through my close friends Zeba Maniya and Iqbal Adamjee. Overtime I got to know other key members of the organization. I was impressed by the dedication of the team. However my heart really went into this organization when I spent some time at one of the clinics and saw how it actually functioned. I had not seen such quick service in any hospital in the US. Despite the appearance of chaos this was a very well run facility and behind the scenes every child's case was being carefully monitored. The impact of a such an organization to the well being of children in Pakistan is amazing and in a short period of time ChildLife has achieved amazing results.
